Attention: Mr Peter Koh

Dear Mr Koh,

LAUNCH OF WELLNESS PROGRAMME @ MACPHERSON ON 18 MAY 2008

Thank you for participating in the launch of our Wellness Programme @ MacPherson. We wish to convey our deepest appreciation for your invaluable support in making our launch a success.

Your contribution has supported us creating consciousness of the value of wellness to our senior community. It has given our seniors an insight to ageing with health, grace and meaning.

Wellness Programme @ MacPherson aims to promote holistic wellness among MacPherson community senior adults through services and programmes to enhance their quality of life leading to being healthy, socially engaged and active. The launch is only the beginning and over the next two years, we aim to collaborate with partners to offer health and active ageing programmes so that our community of seniors can live a healthy and meaningful life.

Once again, thank you for your contribution and we look forward to working with you in the future.

Yours sincerely,

Rosemary Lim
Chairperson
Wellness Programme @ MacPherson Management Committee
